User Opinions That's what people say about Find Duplicate Photos possibilities:"In the July issue of the "Computer World" magazine I read that Find Duplicate Photos - is the easiest way to find and remove duplicate photos on any computer. There are many family pictures are stored in our family picture collection, many of them are in my computer. From day to day picture file duplicates are collected, collected and today at least every third photo in my family picture collection. What to do? I wanted to find duplicate photos and remove them. First I wanted to find duplicate photos and remove duplicate photos in my family picture collection manually. But it took too much time. Then I remembered about

that publication in the computer magazine. I downloaded and executed advised software and it found and removed duplicate photos, duplicate pictures and duplicate photos - Automatically! No my family collection is free from duplicate photos. Thanks a lot for all Find Duplicate Photos developers. They make life much easier."

George Colman, picture collector

"At our design bureau are stored hundreds of different photos and pictures. We use them in our work. But every day to our photo collection is appended more and more pictures. It becomes very hard to find a photo that is needed for the current project. One of our designers already used on his home computer Find Duplicate Photos, an automatic duplicate photo remover that will find duplicate photos and remove duplicate photos on any computer. We used it and all duplicate photos were removed. There are no more duplicate photos in our picture collection. Find Duplicate Photos - is a very user-friendly duplicate photo remover that will find and remove duplicate photos on any computer. I advice to use it for everyone who has pictures on his computer and wants they to be in the perfect order."
